## Annexure - D

## ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES

1. A brief outline of the Company's CSR policy, including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programs:

The CSR Policy was approved by the Board of Directors of the Company and has been uploaded on the Company's Website i.e. [www.damodargroup.com](http://www.damodargroup.com). A gist of the programs/activities that the Company has undertaken under the CSR Policy are mentioned below (Please refer Pont No. 5(c)).

2. The Composition of the CSR Committee:

The Company has a Corporate Social Responsibility Committee of Directors comprising of Mr. Arunkumar Biyani, Chairman, Mr. Girdharlal S. Daga and Mr. Anil D. Biyani, Members.

3. Average net profit of the Company for last three financial years:

The average net profit of the Company was Rs. 1675.92 Lakhs.

4. Prescribed CSR Expenditure (Two percent of the amount as in item 3 above): Rs.33.52 Lakhs.

5. Details of CSR spent during the financial year:

- (a) Total amount to be spent for the financial year: **Rs. 14.50 Lakhs.**  
 (b) Amount unspent, if any: **19.02 Lakhs.**  
 (c) Manner in which the amount spent during the financial year is detailed below:

Sl No.	CSR project or activity	Sector in which the project is covered	Location	Amount Outlay (Budget) Project or Program wise (₹ in lacs)	Amount spent on the Projects or Programs Sub Heads: (1) Direct Expenditure on Projects or Programs (2) Overheads (₹ in lacs)	Cumulative Expenditure upto the reporting period i.e. FY 2017-2018 (₹ in lacs)	Amount Spent Direct or through Implementing Agency
2	To promote Environment	Ensuring environmental sustainability, ecological balance, protection of flora and fauna, animal welfare, agroforestry, conservation of natural resources and maintaining quality of soil.	Gujarat	14.50	14.50	Nil	Implementing Agency – Damodar Foundation

6. Reasons for not spending the two percent of the average net profits of the last three financial years:  
 The Company's spend on the CSR activities has been less than the limits prescribed under the Companies Act 2013.

This is because the company did not find any further suitable projects or programs during the year to spend, for achieving the prescribed limit as per the Companies Act, 2013. However the CSR activities are scalable which coupled with new initiatives that may be considered in future, moving forward the Company will endeavor to spend on CSR activities in accordance with the prescribed limits.

## MANAGEMENT DISCUSSION & ANALYSIS

The Indian textile Industry is one of the largest in the world with a large raw material base and manufacturing strength across the value chain. The Uniqueness of the Industry lies in its strength both in the hand – woven sector as well as in the capital intensive mill sector. Traditional sector like handloom, handi craft and small scale power loom units are the biggest source of employment for millions of people in rural and semi urban area. The Indian textile Industries has inherent linkage with agriculture and tradition of the country making its versatile spread of products appropriate for both domestic and the export markets. The development of the textile segment in India is not only socially significant in terms of creating more employment opportunities, women empowerment and eradication of poverty and destitution, but also a harbinger of growth in terms of enhancing national income, exports, and entrepreneurship, given that some segments in the textile chain are capital-light and have less gestation period for commissioning the project.

Textile sector contributes 14% of industrial production, 4% of India's Gross Domestic Product (GDP) and constitutes 15% of the country's export earnings. Textile sector is the second largest employment provider in the country employing nearly 51 million people directly and 68 million people indirectly.

The domestic textile and apparel industry in India is estimated to reach US\$141 billion by 2021. Increased penetration of organised retail, favourable demographics, and rising income levels are likely to drive demand for textiles. India is the world's second largest exporter of textiles and clothing. Textile and apparel exports from India are expected to increase to US\$82 billion by 2021. Readymade garments remain the largest contributor to total textile and apparel exports from India.

The future for the Indian textile industry looks promising, buoyed by both strong domestic consumption as well as export demand. With consumerism and disposable income on the rise, the retail sector has experienced a rapid growth in the past.

### OPPORTUNITIES

The dynamics of the market economy have thrown up both opportunities and challenges to our domestic industry. The Indian textile industry should gear up to attain its desired position in the global market. The Government is willing to provide all possible support by creating enabling frameworks.

The Indian textile industry has various opportunities like technical textiles, product development and diversification, FDI and brand recognition. Technical textiles offer the opportunity to the Indian textile industry to maintain the present current growth and flourish in near future. It will also help in advancement of the industry. India is not using technical textiles much. Both nonwoven and woven technical textiles will thrive in India in coming years. The Indian companies need to focus on product development and diversification in order to capture new markets globally. They need to invest in design centres and investment labs. Specialized and smart fabrics should be introduced.

In the recently concluded Textile Conference held in India, Textile Industry agreed to the fact that there will be upsurge in the activities as opportunities which are perceived are a lot in India's favour. India has own strengths in terms of technical manpower availability, wide fiber base and supporting government policies for modernization and also raw material cost controls. The growing population of Indian young purchasing class is making domestic market quite lucrative.

### THREATS

Presently, the Indian textile industry is facing a problem to compete in the world textile market. This is because of weaknesses like higher cost of doing business fragmented infrastructure, technology obsolescence, uncompetitive in international market and many others. Due to fragmented infrastructure, India is unable to diversify. In fabric production large part of the industry is engaged in unorganized sectors like powerlooms and handlooms. Many interviewees considered inflexible labour laws of India to be the major reason for the low labour productivity. Another drawback of the Indian textile industry is use of outdated technology which resulted in low production capacities as compared to China.

Indian industry has the longest supply chain in the world. The average time taken by all the nations from the procurement of raw material to production of finished goods and finally exporting it is 45 days, whereas India takes around 80 days. Another area where India lacks is cost competitiveness. The Indian industry does not have efficient

economies of scale therefore unable it is incapable of competing with China. Also the expenses like indirect taxes, power and interests are comparatively high in India.

### **COTTON SCENARIO – INDIA**

India's cotton production, during the crop year 2017-18, is estimated to be 375.00 lakh bales, as per the Cotton Association of India (CAI). In this current year land under cotton cultivation is said to be increased.

### **REVIEW AND FUTURE OUTLOOK OF THE COMPANY**

Your company is committed towards improvement in infrastructure, capital asset upgradation and modernization. Company is continuously focusing towards reduction in operating cost and wastage; and improvement in efficiency of both human and mechanical assets.

Your company competes with organized as well as unorganized fabric manufacturers in domestic market space where revenue and cash generation is directly related to seasonality. In global market space although your company has limited exposure but it continuously faces a challenging environment.

As we had highlighted in our earlier announcement about our company's proposed expansion plans, we wish to give a gist of the update on the project status. Damodar Industries Limited, with an objective of strengthening the existing manufacturing base and to increase the capacity of yarn production has come up with the expansion plan of setting up another spinning mill unit at Amravati. This would benefit the company in servicing its existing customers better as well as to tap new customers arising due to growth of younger population and also to cater to the increasing demand of its fancy yarns due to shift in market dynamics from formal wear to casual wear, thereby continue to retaining its market position. This project is to install a blended fancy yarn spinning unit at Amravati at a cost of Rs. 196 Crores.

As per the plan, the project will be implemented bay wise. The Company plans to have four bays. Commercial production from the first bay production line has rightly started from April 2018 and the plant for all the production bays will be fully operational by April 2019. The company has already commenced the land and site development work, building & civil work, etc. The company has already initiated procurement of plant and Machinery and looking forward to its delivery, erection and commissioning of the same. On the basis of the progress made so far, the implementation of the project is going as per schedule and barring unforeseen circumstances the project would be completed as per schedule.

### **FINANCIAL HIGHLIGHT:**

The revenue from operations decreased from Rs. 704.02 Crores in 2016-17 to Rs. 649.65 Crores in 2017-18.

Profit before Tax Increased from Rs. 13.83 Crores in 2016-17 to Rs. 17.70 Crores in 2017-18.

Profit after Tax Increased from Rs. 9.04 Crores in 2016-17 to Rs. 11.70 Crores in 2017-18.

Basic Earnings Per share (EPS) increased from Rs. 8.13 in 2016-17 to Rs. 10.53 in 2017-18.

### **HUMAN RESOURCES/INDUSTRIAL RELATIONS**

The Company has always valued its human resources and believes in unlimited potential of each of its staff and believes that dedicated and efficient employees are great assets of the Company and most important ingredient for achieving excellence in performance. During the financial year, the overall industrial relations remained cordial in the Company.

### **RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM**

The Board of Directors have developed & implemented a robust risk management policy which identifies the key elements of risks that threatens the existence of the Company.

The Company has proper and adequate system of internal control, commensurate with the size and nature of its business. Regular Internal Audits and Checks carried out and also management reviews the internal control system and procedures to ensure orderly and efficient conduct of business and to ensure that all assets are safeguarded and protected against loss from unauthorised use or disposition and that transactions are authorised, recorded and reported correctly.

## **Annexure B To The Independent Auditors' Report**

The annexure referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date to the members of Damodar Industries Limited on the financial statements for the year ended March 31, 2018.

### **Report on the Internal Financial controls under clause (i) of sub-section 3 of section 143 of the companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Damodar Industries Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning Of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2)

provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**1) SIGNIFICANT ACCOUNTING POLICIES****A Basis of preparation****(i) Compliance with Ind AS**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act. These financial statements for the year ended 31st March, 2018 are the first financials with comparatives, prepared under Ind AS. For all previous periods including the year ended 31st March, 2017, the Company had prepared its financial statements in accordance with the accounting standards notified under companies (Accounting Standard) Rule, 2006 (as amended) and other relevant provisions of the Act (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India. The accounting policies are applied consistently to all the period presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1st April, 2016 being the date of transition to Ind AS.

**(ii) Historical cost convention**

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) certain financial assets and liabilities that are measured at fair value;
- 2) defined benefit plans – plan assets measured at fair value;

**(iii) Current non-current classification**

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

**B Use of estimates and judgments**

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/materialized.

**C Property, plant and equipment**

The Company has applied for the one time transition exemption of considering the carrying cost on the transition date i.e. April 1, 2016 as the deemed cost under IND AS. Hence, regarded thereafter as historical cost. Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

**Depreciation:**

- a) Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in case of Leasehold Land as stated in b below.
- b) Premium on leasehold land is amortized over the residual period of the lease and proportionate amount of premium written off is being charged to Statement of Profit & Loss.

**Intangible Assets:**

Intangible Assets representing Computer Software is amortised using Straight Line method over a period of five years.

**Asset Impairment:**

The Company reviews the carrying values of tangible assets for any possible impairment at each balance sheet date. Impairment loss, if any, is recognized in the year in which impairment takes place.

**D Investments and other financial assets****(i) Classification**

The Company classifies its financial assets in the following measurement categories:

- 1) those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and 2) those measured at amortized cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

#### **E Valuation of Inventories**

Inventories are valued at lower of the cost and net realizable value.

#### **F Revenue recognition**

Revenue is measured at the value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, discounts, loyalty discount, value added taxes & Goods & services Tax and gain/ loss on corresponding hedge contracts. The Company recognizes revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

##### **Sale of goods**

Sales are recognized when substantial risk and rewards of ownership are transferred to customer, in case of domestic customer, generally sales take place when goods are dispatched or delivery is handed over to transporter, in case of export customers, generally sales take place when goods are shipped onboard.

##### **Revenue from services**

Revenue from services is recognized in the accounting period in which the services are rendered.

Other operating revenue – Export incentives

Export Incentives under various schemes are accounted in the year of export.

#### **G Government grants and subsidies:**

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to statement of Profit and Loss on a straight-line basis over the expected life of related assets and presented within other income.

#### **H Foreign Exchange Transaction:**

- i) Transactions in foreign currencies are accounted for at prevailing exchange rates, Gains and losses arising out of subsequent fluctuations are accounted for on actual payment / realizations in the statement of profit and loss.
- ii) Monetary items denominated in foreign currencies at the year end are restated at year end rates. Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and loss.

#### **I Borrowings**

Borrowings are initially recognized at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

#### **J Borrowing Costs:**

Borrowing costs that are directly attributable to the acquisition / constructions of a qualifying asset are capitalised as part of the cost of such assets, up to the date, the assets are ready for their intended use.

Other Borrowing costs are recognised as an expense in the period in which they are incurred.

#### **K Tax Expense:**

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity.

- **Current tax**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

**- Deferred tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

**L Leases:**

Lease rentals in respect of assets acquired under operating lease are charged off to the Statement of Profit & Loss as incurred.

**M Provision, Contingent Liabilities and Contingent Assets:**

A Provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions are determined based on management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

**N Derivatives:**

The Company uses foreign exchange forward contracts to hedge its exposure to movements in foreign exchange rates. The use of these foreign exchange forward contracts reduces the risk or cost to the Company and the Company does not use the foreign exchange forward contracts for trading or speculation purposes. The Company records the gain or loss on change in fair value of cash flow hedges in the Statement of Profit and Loss of that period through other comprehensive income.

**O Gratuity and other post-employment benefits**

The Company recognizes contribution paid or payable to the provident fund as an expense.

Leave encashment is accounted for on the basis of accumulated leave to the credit of employees at the year end.

Gratuity which are defined benefits are accrued based on actuarial valuation as at the Balance Sheet date. The Company contributes to a defined benefit gratuity plan through Life India Corporation, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income.

## **P Earnings Per Share**

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

**VI) Risk Exposure - Asset Volatility**

The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. Most of the plan asset investments is in fixed income securities with high grades and in government securities. These are subject to interest rate risk and the fund manages interest rate risk derivatives to minimize risk to an acceptable level.

**42 Fair value measurement**

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values :

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts."
3. For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values."

The Company uses the following hierarchy for determining and disclosing the fair value of financial instrument by valuation technique.

Level 1 : Quoted (unadjusted) price in active markets for identical assets or liabilities

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

## NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2018

### Financial risk management objectives and policies

In the course of business, the company is exposed to certain financial risk that could have considerable influence on the Company's business and its performance. These include market risk (including currency risk, interest risk and other price risk), credit risk and liquidity risk. The Board of Directors review and approves risk management structure and policies for managing risks and monitors suitable mitigating actions taken by the management to minimise potential adverse effects and achieve greater predictability to earnings.

**Note :**

**a) The previous GAAP figures have been reclassified to conform to Ind AS presentation requirements for the purposes of this note.**

Notes to the reconciliation of equity as at 1st April, 2016 and 31st March 2017 and Total comprehensive income for the year ended 31st March, 2018.

i) Under Indian GAAP, proposed dividend (including DDT) is recognized as a liability in the period to which it relates, irrespective of when it is declared.

## NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2018

Under Ind AS, proposed dividend is recognized as a liability in the period in which it is declared by the Company (usually when approved by the shareholders in a general meeting) or paid.

In the case of the Company, the declaration of dividend occurs after period end. Therefore, the liability for the year ended 31st March, 2016 recorded for the proposed dividend for the year along with dividend distribution tax is de-recognized and provided in the financial year in which it is declared or paid under Ind AS.

- ii) Both under Indian GAAP and Ind AS, the Company recognises costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit or loss. Under Ind AS, the actuarial gains and losses on re-measurements of net defined obligation are recognised in other comprehensive income. Thus the employee benefit cost is increased/decrease and re-measurement gains/losses on defined benefit plans has been recognized in the OCI net of tax.

Under previous GAAP, there was no separate record in the financial statements for other Comprehensive Income (OCI). Under Ind AS, specified items of income, expense, gains and losses are presented under OCI.

- iii) Under the Ind AS, change in fair value of cash flow hedge are recorded in OCI, net of tax.
- iv) Apportionment of Government Grant recognised under Export Promotion Capital Goods (EPCG) scheme and corresponding charge of depreciation on account of grossing up of Property, plant & Equipment."

### 45 First time adoption of Indian Accounting Standards

These are Company's first financial statements prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2017, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for period ended 31 March 2018, together with the comparative period data as at and for the year ended 31st March, 2017, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1 April 2016, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1st April 2016 and the financial statements as at and for the year ended 31 March 2017.

#### Exemptions Applied

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

#### i) Mandatory exemptions:

##### a) Estimates

An entity estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates at April 1, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP

#### ii) Optional exemptions:

##### a) Deemed Cost for Property Plant & equipment

Ind AS 101 permits a first time adopter to elect to fair value its property, plant and equipment as recognized in financial statements as at the date of transition to Ind AS, measured as per previous GAAP and use that as its deemed cost as at the date of transition or apply principles of Ind AS retrospectively. Ind AS 101 also permits the first time adopter to elect to continue with the carrying value for all of its property plant and equipment as recognized in the financial statements as at the date of transition to Ind AS. This exemption can be also used for intangible assets covered by Ind-AS 38.

Accordingly, as per Ind AS 101, the Company has elected to consider fair value of its property, plant and equipment, capital work in progress and intangibles as its deemed cost on the date of transition to Ind AS.

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2018**

iii) Fair value measurement of financial assets and liabilities Under IGAAP the financial assets and liabilities were being carried at the transaction value.

First-time adopters may apply Ind AS 109 to day one gain or loss provisions prospectively to transactions occurring on or after the date of transition to Ind AS. Therefore, unless a first-time adopter elects to apply Ind AS 109 retrospectively to day one gain or loss transaction, transactions that occurred prior to the date of transition to Ind AS do not need to be retrospectively restated.

The Company has measured its financial assets and liabilities at amortised cost or fair value.

**46 Other Current financial assets represents fair value of cash flow hedge.**

**47** The financial information of the Company for the year ended 31st March, 2017 and the transition date opening balance sheet as at 1st April, 2016 included in these Ind AS financial statements, are based on previously issued statutory financial statements for the year ended 31st March, 2017 and the year ended 31st March, 2016 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited and the auditors had given unmodified opinion. The adjustments to those financial statements for the differences in accounting principles have been adopted by the Company on transition to the Ind AS.

**48** The previous period figures have been regrouped reclassified, wherever considered necessary.
