MANAGEMENT DISCUSSION AND ANALYSIS STATEMENT

Global Economy Overview:

After a collapse in FY20 caused by the Covid-19 pandemic, global economic output is still expected to remain below pre pandemic projections. The global recovery has been incomplete and unequal and recovery paths have also been different across countries as well across sectors. There is a lot of uncertainty over how prolonged the health crisis will be as access to vaccines remains very uneven, both across advanced and emerging economies.² The developed countries have forecasted to be on a stronger path of recovery than before the pandemic on the back of distribution of Covid-19 vaccines and a vast stimulus package but other advanced economies are not far behind in the medium term. Two largest economies of Europe saw unexpected declines in industrial production in first quarter of calendar year 21, suggesting that coronavirus restrictions are increasingly affecting parts of the economy that have proved resilient so far.¹ The expected recovery in 2021 and beyond will depend heavily on the how the countries tackle the pandemic, which will in turn be influenced by the possibility of widespread effective vaccination.

Indian Economy Overview

India has emerged as a leading economy in the world and its GDP has grown at an average rate of about 7% in the last two decades, despite major recessions and economic slowdowns. Similar to the global economy, the impact of the Covid-19 pandemic on the Indian economy has been severe.³ The contraction of GDP by 7.3% in FY2020-21 is much smaller than originally forecasted. India has been successful in showing signs of recovery and entered the New Year with cautious optimism. Agriculture being one of the least impacted by lockdown measure has continued to remain resilient and robust.

Overview, Industry Structure & Developments, Outlook:

We achieved our goal satisfactorily in the Last 6 months of the FY 2020- 21. We have seen our growth lower as compared to the previous year. There are many factors which have affected the business; slow economic activity, liquidity which impacted overall demand in the industry, unfavorable market conditions. Apart from macro market conditions competition from unorganized sector plays a vital role in this industry, and in the final phase of the year the unpredicted pandemic outbreak and imposed lockdown. These disruptions' impacted the performance of the company for the year but we still managed to secure industry level growth and started earning on surplus funds available with the company.

Opportunities: Due to the current scenario it seems that the demand will increase as imports of goods is reduced due to the negative sentiments. Being a reputed manufacturer of world class quality products, and thanks to social drive "Vocal for Local" we are optimistic of the future. Volume of business is expected to increase as consumers are more attracted towards local good quality products which are more reliable and come with warranty rather than using imported products. The company has in-house R & D team and surplus funds available for investment which will help us in exploring various opportunities in exports and other products.

Threats: Covid- 19 plays a very crucial role this year due to which we saw a down size of business in the first two quarters and also will have to face the same for some more time. The priority of people has changed which will take a longer time for the market to come back to the normal condition. Demand plays a very important role and Covid -19 would leave a deep cut in economy and corporate financials this year due to this the income of people have been affected largely and there is a lot of hesitation in buying things other than essentials and the demand had reduced to a great extent. But we ensure that we do not make compromise in our long term business objectives and brand strength. The company has also taken steps to curtail the overall expenses to overcome the situation.

Research & Development: Research and development department plays an integral role in the development of new products. The role of R & D Team is to keep improving on existing product, Quality Control Check, Innovation and Staying Ahead of Trends, Developing New Products. The company keeps an eye on developing trends in India and overseas and on what the competition is doing, also analyses and understand the current conditions within a specific goal. The company continues to initiate appropriate, significant and result oriented products in the market, which are innovative, Futuristic with Modernized Technology. Each product designed is deliberately executed in-house and undergoes a series of rigorous checks.

Risk Management: The Company is exposed to various potential risks like Economical Risk, Compliance Risk, Operational Risk, Environmental Risk and Financial Risk. The key risk areas are regularly and systematically reviewed by senior management while the Risk Management committee also reviews and provides input to mitigate the risk.

Internal Control: At the Company level, internal control objectives relate to the reliability of financial reporting. The Company's resources are directed, monitored, and measured on regular intervals which help in detecting and preventing fraud and protecting the organization's resources, both physical and intangible. The Company has always implemented appropriate controls to make sure that its operational, Compliance and reporting objectives are achieved. The company has detailed policies and standard operating procedure for all existing and future growing needs. These policies and procedures play a key role in the deployment of internal controls. They are regularly reviewed to ensure the relevancy, comprehensiveness and compliance is embedded into the management review process. To strengthen the process, Controls of the key processes are reviewed by the internal audit team with timely suggestions.

Disclosure On Accounting Treatment: In the preparation of financial statements for FY2020-21, there is no treatment of any transaction different from that prescribed in the Accounting Standards notified by the Government of India under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014; guidelines issued by the Securities and Exchange Board of India and other accounting principles generally accepted in India.

Information other than financial statements and Auditors report thereon

The company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors report thereon.

Our opinion on financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon. In connection with our audit of the financial statement, our responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statement or other information obtained during the course of our audit or otherwise appear to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance,

total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure B To The Independent Auditors' Report

The annexure referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date to the members of Damodar Industries Limited on the financial statements for the year ended March 31, 2021.

Report on the Internal Financial controls under clause (i) of sub-section 3 of section 143 of the companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Damodar Industries Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning Of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any

evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

I Borrowing Costs:

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to the interest costs) incurred in connection with the borrowing of funds.

Borrowing costs that are directly attributable to the acquisition / constructions of a qualifying asset are capitalised as part of the cost of such assets, up to the date, the assets are ready for their intended use. Other Borrowing costs are recognised as an expense in the period in which they are incurred.

J Tax Expense:

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity.

- Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

- Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

K Leases:

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Company as a lessee The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right of use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments are fixed payments. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. The Company has no lease liabilities presently due to nature lease contract for short term.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

iv) Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease.

L Provision, Contingent Liabilities and Contingent Assets:

A Provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions are determined based on management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

M Derivatives:

The Company uses foreign exchange forward contracts to hedge its exposure to movements in foreign exchange rates. The use of these foreign exchange forward contracts reduces the risk or cost to the Company and the Company does not use the foreign exchange forward contracts for trading or speculation purposes. The Company records the gain or loss on change in fair value of cash flow hedges in the Statement of Profit and Loss of that period through other comprehensive income.

N Gratuity and other post-employment benefits

The Company recognizes contribution paid or payable to the provident fund as an expense.

Leave encashment is accounted for on the basis of accumulated leave to the credit of employees at the year end.

Gratuity which are defined benefits are accrued based on actuarial valuation as at the Balance Sheet date. The Company contributes to a defined benefit gratuity plan through Life India Corporation, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. Remeasurements comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income.

O Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

36 Fair value measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values :

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.
3. For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instrument by valuation technique.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Level 1 : Quoted (unadjusted) price in active markets for identical assets or liabilities

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.
